---

Summary

I am a Front-End Web Developer specializing in React.js with approximately 7 months of experience in building interactive and dynamic user interfaces. I am proficient in JavaScript (ES6+), TypeScript, Redux, HTML, CSS, and Bootstrap, with a strong focus on performance optimization and user experience. I gained experience in building scalable and responsive web applications. I am passionate about learning modern technologies like Next.js and I am eager to gain more hands-on experience by working on projects within a professional team.

Technical Skills

✓ Programming Languages: JavaScript (ES6+), TypeScript

✓ Frameworks & Libraries: React.js, Redux, Next.js

✓ Front-End Development: HTML5, CSS3, Bootstrap

✓ State Management: Redux Toolkit, Context API

✓ API & Data Handling: RESTful APIs, Axios

✓ Version Control: Git, GitHub

✓ Build Tools & Environments: Vite, Webpack, Babel

Soft Skills

✓ Problem-Solving – Ability to debug and troubleshoot code efficiently.

✓ Team Collaboration – Experience working on team projects and using Git for version control.

✓ Communication – Clear documentation and effective communication in team environments.

✓ Time Management – Ability to prioritize tasks and meet deadlines.

Projects

User Management System | Live Demo | GitHub

- Developed a user authentication and management system with **React.js**.
- Technologies used: **TypeScript, React-bootstrap, JWT decode, React-hook-form.**

Rent Cars Website | Live Demo | GitHub

- Implemented a user-friendly UI with responsive design for seamless navigation.
- Technologies used: **React.js, React Bootstrap, React router dom.**

Portfolio Website | [Live Demo](#) | [GitHub](#)

- Built a personal portfolio showcasing projects and skills.

- Designed a responsive and modern UI using **React.js, Bootstrap**.

- Technologies used: **React.js, Bootstrap, font awesome, React router dom.**

Education

- Al-Azhar University, Assiut, Egypt - Bachelor of Science in Geology - (2019-2023)

Certifications & Courses

✓ **"React Advanced Course"** – Upskilling – (Nov 2024 - Jan 2025)

Learned React fundamentals and Advanced topics, hooks, Redux, authentication, and performance optimization.

✓ **"Front End Web Development"** – Information Technology Institute (ITI) – (Sep 2021)

Learned web Development fundamentals using React.js Framework.

Languages

- English: Intermediate Level
